Installation Steps

Directions

- 1 Place template on wall with tape. Make sure that template is level. Mark the hole locations.

- 2 Drill a 1/4" hole in to the wall where marks were made.

- 3 Insert supplied anchors into the wall.

- 4 Mount the barrels to the wall.

Installation Steps

Directions

- 5 Remove plastic film from the back of the panels. Center your image onto one of the panels and sandwich the second panel on top of the image making sure all of the edges and holes are aligned.

- 6 Place the sandwiched panels over the standoff barrels, insert the screw caps through the holes and into the barrels. Hand tighten the screw caps to secure both the panels and image in place.
